St. Elizabeth Business Health Services to Open Hebron Clinic

Hebron, KY – St. Elizabeth Business Health Services is adding a third Business Health Center to better meet the needs of Northern Kentucky employers. Located at 2200 Conner Road in Hebron, the center is conveniently located to the employers in the area, allowing for easy access to occupational health services.

The clinic will open in April under the supervision of Dr. James Keller. Dr. Keller is board certified in occupational and environmental medicine and has more than 20 years of experience and expertise with area employers. He completed his residency training in occupational medicine at the University of Cincinnati. “Early in my career, I ran an urgent care group, and soon recognized the importance of specializing in occupational medicine,” said Dr. Keller.

The Hebron Business Health Center will provide a full array of occupational health services including injury care and management, pre-employment physical exams, drug and alcohol testing and OSHA regulatory medical surveillance. In addition, physical therapy, lab, and x-ray facilities including MRI and CT are available on site.

“Our Hebron clinic will maintain the high quality standards necessary to achieve superior patient care which the employers of the communities we serve have come to expect and deserve,” said Paula Roe, Vice President of Operations, Covington/Grant and Business Health.”

St. Elizabeth Business Health Services offers a full continuum of cost-effective occupational health services. The goal is to keep employees both physically and mentally healthy, safe and productive to ensure optimum company performance.

For more information about St. Elizabeth Business Health Services, call 859-301-2574 or go to www.stelizabeth.com/businesshealthcenter.

St. Elizabeth Healthcare

St. Elizabeth Healthcare operates six facilities throughout Northern Kentucky—St. Elizabeth Covington, St. Elizabeth Edgewood, St. Elizabeth Falmouth, St. Elizabeth Florence, St. Elizabeth Fort Thomas, and St. Elizabeth Grant. It also has vast resources to serve the Greater Cincinnati area, including almost 1,200 licensed beds, a physician organization which includes 61 primary care and specialty office locations, more than 1,200 physicians with admitting privileges, more than 7,300 associates including St. Elizabeth Physicians, and three freestanding imaging centers. St. Elizabeth Healthcare is sponsored by the Diocese of Covington and provided more than \$83 million in uncompensated care and benefit to the community in 2010.
