

Privileges for: Anesthesia

Request

ST. ELIZABETH - EDGEWOOD
ST. ELIZABETH - FLORENCE
ST. ELIZABETH - FT. THOMAS

MEC Approval: August 27, 2009, February 27, 2014

Board Approval: September 14, 2009, Revised September 13, 2010, May 5, 2014

DEPARTMENT APPROVAL

_____ Approved _____ Disapproved

Department/Section Chair Signature Date

MINIMUM REQUIREMENTS

Degree required: MD or DO

Successful completion of ACGME or AOA approved residency training program in anesthesiology

Note: For Practitioners (excluding AHPs) who apply for membership after March 2, 2009 be and remain (with a lapse of no longer than one year) board certified in their principal practice specialty, or become and remain (with a lapse of no longer than one year) board certified within six years of completion of their post-graduate medical training. Only those boards recognized by the American Board of Medical Specialties or the American Osteopathic Association are acceptable. This board certification requirement does not apply to applicants who on March 2, 2009 were members in good standing on the medical staff of the St. Luke Hospitals or St. Elizabeth Medical Center.

PRIVILEGES REQUESTED

Pursuant to Bylaws Section 6.1.4, practitioners may exercise the privileges requested and awarded below only at facilities where St. Elizabeth Healthcare offers those services.

I. Core Privileges: Core privileges in anesthesiology include the care, treatment or services listed immediately below. I specifically acknowledge that board certification alone does not necessarily qualify me to perform all core privileges or assure competence in all clinical areas. By signing this request, I believe that my specific training, experience and current competence qualifies me to perform each privilege that I have requested by checking in the spaces below. Please line through and initial any specific privileges within a checked privilege group that you are not requesting.

DESCRIPTION OF CORE PRIVILEGES

_____ Admit patients, perform histories and physicals, render patients insensible to pain and to minimize stress during surgical, obstetrical and certain medical procedures using general anesthesia, regional anesthesia or sedation/analgesia to a level at which a patient's protective reflexes are likely to be obtunded. Performance of preanesthetic, intra-anesthetic and postanesthetic evaluation and management and pain control are essential components of the practice of anesthesiology.

ADDITIONAL PRIVILEGES

_____ Perioperative Transesophageal Echocardiography (requires certificate of Special Competence by the National Board of Echocardiography)

_____ Fluoroscopy (Radiation Safety certification required)

I agree that the use of my electronic signature below indicates my intent to sign this document as if it were my original handwritten signature.
