HEALTHCARE

- When you contact us for an appointment, we will ask more questions to see if you can get screened
- No bill – services are provided at no cost to you

**SCREENING APPOINTMENTS ARE REQUIRED.
ONLY THOSE WITH NO INSURANCE.**

Pap Test: *(Cervical Cancer Test – Same Day Results)*

For women ages 21 to 65.

- It is required that your last Pap test was 3 or more years ago
- You should not have had problems with past Pap tests or cervical cancer
- You should not have current female health problems

Mammogram: *(Breast Cancer Test – Results in About 7 Days)*

For women ages 40 to 74. Women ages 35 to 39 may qualify for one baseline mammogram.

- It is required that your last mammogram was 1 year or more ago
- Your last mammogram must have been normal (no problems)
- You should not have current breast problems or have had breast cancer

Support for Future Care:

- Talk with our financial counselors
- Learn about health insurance, Medicaid, or Medicare
- Connect with the Health Department for free programs and follow-up care
- HPV vaccines (helps prevent cervical cancer)
- Learn about preventing breast and cervical cancer - translated and interpreted

Community Health Fair:

- Community resources and health education
- Blood pressure checks
- Learn about genetic testing – find out how it can help you and your family understand cancer risks
- Take-away snack packages
- Bring your family and friends to the Health Fair- children are welcome

Interpreter services will be available in your language.

Transportation may be available if you qualify.

Services are at no cost, thanks to the generous support of the CAP Foundation grant, the Kentucky Women's Cancer Screening Program (KWCSPP), IBCAT, and UK Markey Cancer Center Affiliate Network
