2025 Volunteer Satisfaction Survey

We extend our heartfelt thanks to all of you who took the time to complete the annual Volunteer Satisfaction Survey this August. Your feedback is incredibly valuable and helps us ensure that your experience serving at St. Elizabeth continues to be meaningful and rewarding.

This year, we invited all Active Adult Volunteers to participate—and we're thrilled to share that 83% of you responded!

Here are just a few highlights from your responses:

- **97.4%** of you feel like part of the team when you volunteer.
- **96.8%** shared that associates across the system express appreciation for your service.
- **98%** reported positive interactions with our Volunteer Services staff.
- An incredible **98.5%** would recommend St. Elizabeth as a great place to volunteer.
- And **96.5%** consider St. Elizabeth the **best place to volunteer!**

We are truly humbled by your kind words and proud to know that your experience reflects the supportive and welcoming environment we strive to create.

We carefully review every comment to identify opportunities for improvement, address concerns, and implement new best practices to provide the best possible volunteer experience.

Thank you for your continued dedication and for everything you do to support our patients, associates, and community.
