Workbook:

Keeping Us Safe, LLC

“Beyond Driving with Dignity; The workbook for older drivers and their families”

- Working through this instrument will help your family make driving-related decisions that are not only in the best interest of the older driver, but simultaneously find themselves in the best interest of highway safety in general. This workbook was designed to be used by your family in the confidence and comfort of your own home, most likely seated right at your family’s kitchen table. The workbook retails for \$20, but can be purchased at a discount through this link: www.keepingussafe.org

Professional Assessment:

AAA - (513) 762-3207

- This is an in-car driving skills evaluation
- 1 hour driving assessment picks up customer at home; customer is given the assessment information, tips given if needed.
- Cost for members \$199 / non- members \$249

Keeping Us Safe, LLC – 1-877- 907-8841

Enhanced Self-Assessment Program

- This individualized program has been designed to serve as a valuable tool in helping older drivers (and their families) make appropriate decisions regarding the future of one's safe driving career.
- If the individual is a safe driver, he or her are given strategies on how to remain a safe driver as they progress through the aging process.
- If driving retirement is the appropriate decision, the individual (and their family) are provided with acceptable alternatives, resources and very specific plan to ensure a smooth and successful transition for the driver's seat to the passenger seat.
- Call for the cost for the Enhanced Self-Assessment
- No referral required
- www.keepingussafe.com
- Email: info@keepingus.org

Clinical Assessments:

Usually an Occupational Therapist driving rehabilitation specialist will do the clinical assessment. **If referred by a doctor then this can be submitted to insurance and might be covered.**
