

Jan Schipper Retirement

Join us in wishing Jan Schipper congratulations on her upcoming retirement on October 2!

Jan has been part of St. Elizabeth and more importantly, part of our volunteer family since 2003. For 17 years she has been the face of the Edgewood office and frankly the glue of our team. Jan is famous for her candy basket, her quick walk, and even quicker smile – the person to go to with any question. Words just cannot describe how much she will be missed by so many.

Jan plans to spend her retirement with her husband Tom, connecting a bit more with her three sons and most importantly, helping out with her grandson Jacob and just arrived granddaughter, Sofia. Camping is Jan's "sweet spot", so we expect her to be gone more than home, enjoying the fact that she doesn't need to be in the office on Monday morning!

If you are currently volunteering, you are invited to stop by the Edgewood office any time between 9am and 4pm on October 1 to wish Jan the best.

It will be a COVID style retirement celebration – but a CELEBRATION nonetheless!

~ Godspeed Jan!

Celebrating 2019 Volunteer Awardees COVID Style

Volunteer Services CELEBRATED our amazing 2019 Awardees COVID style on September 8, with a drive-thru event.

Awardees were invited to drive to the main entrances of their location to pick up their long-awaited awards, with a treat or two, presented to them by masked volunteer staff!

Please see the listing of all our remarkable Awardees!

Hospital Visitation Changes

As our community approaches the flu season and remains in the midst of COVID-19, we have reviewed our visitation guidelines to ensure the safest way possible for our patients to have visitors.

Effective Tuesday, September 1, at 11 a.m., updated inpatient visitor guidelines will be implemented for all St. Elizabeth Healthcare hospitals. Inpatient visitation will be restricted to **one visitor per patient per day** during the established visiting hours of **11 a.m. to 7 p.m.** Visitors may not leave and return to the facility during the visit, rather must **remain in the facility throughout the visit.**
