

National Registry EMT Course

TEI #154-26-01-B

We want to thank you for your interest in our program and for your interest in public service.

Emergency medical technicians (EMTs) and paramedics care for the sick or injured in emergency medical settings. People's lives often depend on the quick reaction and competent care provided by these pre-hospital professionals. EMTs and paramedics respond to emergency calls, performing medical services, and transporting patients to medical facilities.

At the completion of this five-month course, you will be credentialed by the National Registry of Emergency Medical Technicians (NREMT) as a National Registry EMT-B. Multiple topics will be covered during the course including: Medical Terminology, Anatomy & Physiology, Trauma, Cardiology, OB/GYN, Pediatrics and Ambulance Operations.

When: January 5, 2026- May 16, 2026

Monday and Wednesday evenings 6-10 p.m.

Lead Instructor: Ben Riley EMT #1047843

Location: St. Elizabeth Training and Education Center (SETEC)
3861 Olympic Blvd., Erlanger, KY 41018

Link for online registration: [EMS Certifications & Recertifications | KY, IN & OH | St. Elizabeth Healthcare](#) Copies of valid driver's license, high school diploma/GED, Hepatitis B vaccinations, and TB skin test results from current year via email to ems.coordinator@stelizabeth.com.
